Brother's high-speed HL-3070CW saves your business time and money with convenient network features and innovative solutions to make your life easier.

Wireless and wired network capability.

Cost savings

Share resources. Share the HL-3070CW among several users over your existing wireless or wired network for more efficiency and improved workflow.

Reduce paper and toner use. Reduce 2, 4, 9, 16 or 25 pages onto just one A4 sheet with N-up printing.

Secure Function Lock. Use the Secure Function Lock to manage print costs by specifying the amount of pages a user can print each week or month. You can also check how many pages users are printing.

Save time

Save time with Direct Print. Great when you're in a hurry: print directly from a USB Flash Memory Drive, or from your digital camera using PictBridge, without using your computer.

Swift and easy. Printing on thick paper or envelopes is incredibly simple with the HL-3070CW's Straight Paper Path. All you have to do is open a small door at the printer's rear for your special media to exit after printing.

Professional Quality

Professional finish. It's incredibly easy to add a watermark, whether it's a predefined design or a logo of your choice, to your printouts for a professional look.

Get the bigger picture - in-house. For a bigger impact, you can enlarge 1 page to be printed across 4, 9, 16 or 25 A4 sheets with the Poster Printing function in the printer driver.

Convenient security features

Be safe. Print your most confidential documents, safe in the knowledge that they will remain just that, with Brother's Secure Print feature. It's easy to use: when you're ready to print your document, you enter a private PIN code on your computer, then click the print button. The document will only print after you've physically entered your PIN code at the printer.
