## A4 DOCUMENT SCANNER

A compact, high-performance A4 document scanner built to support diverse document workflows, delivering reliable paper-handling and quality scans.

### COMPACT, SPACE SAVING DESIGN

Designed for space constrained workplaces, the DRC350 models deliver a compact footprint (283mm wide) that helps maximise desk and counter space. Well suited to branch offices, retail locations and front-of-house environments.

### VERSATILE FOR DEMANDING WORKPLACES

A robust, reliable feeding mechanism supporting high volume batch scanning across a wide range of document types – from ultra-thin paper and ID cards to documents up to 6 metres long. Passports can be scanned directly through the feeder without the need for a separate carrier sheet. Ultrasonic double-feed detection ensures every document is captured, while the Double Feed Release (DFR) function allows scanning to resume quickly, minimising interruptions and downtime.

### EASY OPERATION FOR SIMPLE, RELIABLE SCANNING

Designed for ease of use, the intuitive display and clear, simple icons support one-touch scanning with pre-configured jobs, helping streamline everyday scanning tasks. Raised buttons enhance accessibility, while built-in sensors alert users to errors to keep work moving. Using the DR Management Tool, IT teams can centrally manage multiple scanners across the organisation. The scanners are supplied with a USB TypeC™ cable for simple, convenient connectivity.

### POWERFUL SOFTWARE WITH OCR

CaptureOnTouch Pro is PC based scanning software featuring an intuitive interface and powerful document processing capabilities. Users can configure jobs to output files in multiple formats, including PNG, JPEG, TIFF, BMP, PPTX, Word, Excel and PDF. Builtin OCR, barcode and 2D code recognition support efficient indexing, while the ability to generate index data files enables smoother integration with existing workflows and document management systems.

### MAXIMISE PRODUCTIVITY AND IMAGE QUALITY

Boost performance and operational efficiency with high speed duplex scanning of up to 100 images per minute. A large 100 sheet feeder enables batch scanning of multiple documents at once, while features such as automatic file separation and adaptive image processing help reduce manual intervention. Advanced tools, including Active Threshold, support the creation of consistent, high quality images across a wide range of document types.

### SAVE OPERATIONAL COSTS

Canon's DR Scanner Management Tool enables centralised monitoring and configuration of large scanner fleets across your business. IT teams can efficiently distribute settings, helping reduce administrative effort and support costs across multiple user environments.

# imageFORMULA DR-C350 SPECIFICATIONS

## Product Specifications

Type	Desktop type double-sided sheet fed scanner
Scanning Sensor Unit	CIS
Optical Recognition	600 dpi
Light Source	RGB LED
Scanning Side	Front/Back/Duplex
Supported Interfaces	USB 3.2/USB 3.1/USB 2.0 (Connector type: Type-C)
Dimensions	Tray closed: 283 x 223 x 218 mm
Weight	3.2kg
Power Requirements	AC 220-240V
Power Consumption	Scanning: 15.6W or less, Sleep Mode: 0.6W, Power Off: 0.1W or less
Operating Environment	10°C to 32.5°C Humidity: 20% to 80%

## Scanning Specifications

Black and white	50ppm/100ipm (200dpi/300dpi)
Colour	50ppm/100ipm (200dpi), 40ppm/80ipm (300dpi)
Output Resolution	100/ 150/200/240/300/400/600/1200 dpi
Output Mode	Colour/Grayscale/Black and White
Suggested Daily Volume	from 5,000 to 8,000 scans/day

## Document Specifications

Width	50-216mm
Length	54-356mm
Thickness	27g/m <sup>2</sup> -413g/m <sup>2</sup> (0.04-0.49mm)
Long Document Mode	Up to 6,096mm
Business Card Scanning	Width: 50-55mm/Length: 85-91mm/Thickness: 128-255 g/m <sup>2</sup> (0.15-0.3mm)
Plastic Card Scanning	Width: 86mm/Length: 54mm/Thickness: 1.4mm or less (embossed card supported)
Passport Scanning	Up to Thickness 6.0mm (with carrier sheet)/4.0mm (without carrier sheet)
Paper Separation	Retard Roller Method
Feeder Capacity	100 sheets (A4)
Special Features	Ultrasonic Double Feed Detection, Auto Colour Detection, Skip Blank Page, Auto Page Size Detection, Auto Resolution Setting, Text Orientation, Recognition, Barcode/2D Code Recognition, OCR Recognition, Batch separation, Active Threshold, Text Enhancement (I/II), Deskew, Double Feed Release, Prescan, 3-Dimensional, Colour Correction, Prevent Bleed-Through/Remove Background, Background Smoothing, Character Emphasis, Colour Dropout/Enhance (RGB), MultiStream Function, Adjustable Gamma Settings, Moire Reduction, Folio Mode, Reduction ratio adjustment, B&W Contrast, Reverse Image, Rapid Recovery System.
Bundles Software	ISIS, TWAIN and WIA Driver/CaptureOnTouch Pro/Canon imageFORMULA Driver Setting Tool/DR-Management Tool (by download only)

## Options

Consumables	Exchange Roller Kit, Exchange Roller Refill Kit
Options	Flatbed Scanner Unit 102 (A4), Flatbed Scanner Unit 202 (A3), A4 Carrier Sheet, Passport Carrier Sheet
