

Highlights

- Installs in three simple steps
- Extremely slim profile, just over an inch from the wall
- Single-SKU design fits most screens greater than 32" up to 175 lbs (79 kg)
- Integrated security fasteners deter removal
- Sleek silver and charcoal grey design complements home or office decor
- Includes fasteners for mounting to wood studs or concrete
- UL certified and listed to UL Standard 1678. This product has been tested to hold four times its maximum load capacity per UL standard (do NOT exceed listed weight capacity in actual use)
- 5 year warranty

ERGOTRON®

WM Low Profile Wall Mount

Sturdy and stable mount with an extremely slim profile

Don't be intimidated by mounting your plasma or LCD display or TV. This wall-hugging design hangs your flat panel TV just over an inch from the wall for an extremely slim profile.

Engineered to install in three easy steps, the Ergotron Low Profile Wall Mount is sturdy and stable. It accommodates most flat panel displays up to 175 lbs, and the security fasteners help protect your TV from theft.

- Single-SKU design fits most flat panel screens greater than 32"
- Easily connects and detaches, but security fasteners deter removal
- Sleek design complements home or office decor
- Excellent price performance
- Includes fasteners for mounting to wood studs or concrete

Simple Installation

3-step process ...

- ① Attach wall plate to chosen location on wall
- ② Attach mounting brackets to display
- ③ Hang display on wall plate

Security fasteners on mounting brackets prevent easy removal of the display

Mounting Options: Wall plate attaches to vertical wall surfaces. Includes hardware for mounting to wood studs (16" or 24" centered studs) or concrete walls

Profile off the wall 1.25" (3,2 cm)
